SIKA AT WORK
FLOORING WITH SIKA EPOCEM TECHNOLOGY
AT PARSONS NUTRITIONAL PVT. LTD.
FLOORING WITH SIKA EPOCEM TECHNOLOGY
WORLD CLASS FLOORS WITH SIKA FLOORING TECHNOLOGY

Parsons Nutritional Private Limited (PNPL) was incorporated in 2002. Since inception, the company has an agreement with GlaxoSmithKline Consumer Healthcare Limited (GSKCH) as a contract manufacturer of biscuits in 24 SKUs (Stock Keeping Units). The company has also entered into an agreement with ITC Ltd and Mondelez India (Earlier Cadbury India) for manufacturing of biscuits for their ‘Sunfeast’ and ‘Cadbury Oreo’ brands respectively. PNPL has two manufacturing facilities present in Sahibabad, Ghaziabad and in Harohalli, near Bangalore.

PNPL also has a packing facility for Horlicks and Boost sachet packs in its plant at Sahibabad and a facility for manufacturing of Oats (Regular and Masala) for GSKCH in its plant at Bangalore.

The company has exclusive long term agreements with its clients, viz. GSK Consumer Healthcare (for its production line at Bangalore), ITC Limited and Mondelez India (Earlier Cadbury India), and a nonexclusive agreement with GSK for its production line at Sahibabad.

Project Requirements
Production Areas at all levels - Epoxy Flooring should be strong and capable of withstanding heavy loads. It is to be laid on a old concrete floor. The final floor should be easily cleanable The floor should be hygienic and not support bacterial growth and should not crack
(Area ~4500 sqm)
Coving – Length ~ 3500 RMT

Sika Solution
Production Areas at all levels - Sikafloor®-81 Epocem 2mm + Sikafloor®-261hs -1mm because of heavy loading conditions, Cleanability, Hygiene and moisture criteria and because of the property of coefficient of Thermal expansion of Epocem is very similar to concrete
Coving – Sikafloor®-93 EC Primer mortar screed + Sikafloor®-105

Sika Products
Production Areas at all levels - Sikafloor®-81 Epocem + Sikafloor®-261hs1mm
Coving – Sikafloor®-93 EC Primer, Sikafloor®-105

Project Participants
Client - Parsons Nutritional Pvt. Ltd.
Applicator – SP Epoxy System, Bangalore
WHO WE ARE
Sika AG, Switzerland, is a globally active specialty chemicals company. Sika supplies the building and construction industry as well as manufacturing industries (automotive, bus, truck, rail, solar and wind power plants, façades). Sika is a leader in processing materials used in sealing, bonding, damping, reinforcing and protecting loadbearing structures. Sikas product lines feature high-quality concrete admixtures, specialty mortars, sealants and adhesives, damping and reinforcing materials, structural strengthening systems, industrial flooring as well as roofing and waterproofing systems.
